26 August 2026

MINUTES

Daegu, South Korea

MINUTES

**General Assembly of the XXIV World Masters Athletics Championships
August 26th, 2026
Inter-Burgo Hotel. Daegu, South Korea**

IN ATTENDANCE FOR THE GENERAL ASSEMBLY (GA)

WMA Board (5)

Margit Jungmann (GER), President; Lynne Schickert (AUS), Executive Vice President; Alan Bell (GBR), Vice President Competition; Juan Ordóñez (MEX), Secretary General; Colleen Barney (USA), Treasurer.

WMA Regional Representatives (6)

Rose Tata Muya (KEN), representing Africa/AFMA; Prasert Srisueb (THA), representing Asia/AMA; Giovanni Tracanelli (ITA), representing Europe/EMA; Guillermo Guzman (MEX), representing North America, Central America & Caribbean/NCCMA; Cameron Borrows (AUS), representing Oceania/OMA; Richard Amigo (PAR), representing South America/ASUDAMA.

WA Representative (1)

Antti Pihlakoski (FIN).

Delegates (86)

Number of attending Delegates to which each WMA Member is entitled to participate with automatic voting rights:

- Africa (5).

Algeria (1), Nigeria (1), South Africa (2), Tunisia (1).

- Asia (14).

Hong Kong China (1), India (3), Iran (1), Japan (3), Korea (1), Malaysia (1), P.R. of China (1), Philippines (1), Singapore (1), Sri Lanka (1).

- Europe (45).

Austria (1), Denmark (2), Finland (3), France (4), Germany (5), Great Britain and Northern Ireland (2), Ireland (2), Italy (5), Latvia (1), Netherlands (4), Norway (2), Poland (4), Romania (1), Spain (4), Sweden (4), Ukraine (1).

- North America, Central America & the Caribbean (13).

Canada (2), Mexico (3), Puerto Rico (2), Trinidad and Tobago (1), United States of America (5).

- Oceania (5).
Australia (5).

- South America (4).
Bolivia (1), Chile (1), Uruguay (1), Venezuela (1).

-Total of Delegates - 86 votes
-Total of Council members - 12 votes
-Total of voters allowed on GA - 98 votes

VIP WMA Guests of Honor.

-Mr. Chin Ki-Hoon, Secretary General of the WMA Daegu 2026 Local Organizing Committee.
-Stanley Perkins (AUS), Honorary Life President.
-Wivat Vigrantanos (THA), President of AMA/Asia Masters Athletics.
-Bid team of Breda (NED) for WMA 2030 Stadia Outdoor Championships.
-Bid team of Houston (USA) for WMA 2030 Stadia Outdoor Championships.
-Organizing Committee of Gainesville (USA) for WMA 2027 Indoor Championships.

AGENDA / MINUTES

1. 09:00 hrs. Opening of the General Assembly (GA)

WMA General Assembly was promptly opened at 09:00 hrs. The first roll call, read by the WMA President, listed 91 registered voters.

The President, Margit Jungmann, welcomed Delegates, Council members, guests, LOC representatives, observers, bid team representatives, future organizers, and WMA managers. She also welcomed Stanley Perkins, WMA Honorary Life President, and Wivat Vigrantanos, President of Asian Masters Athletics, as the host Region for these Championships. She then introduced Mr. Chin Ki-Hoon, Secretary General of the WMA Daegu 2026 LOC, who welcomed the WMA Council, Delegates from around the world, and visiting guests to Daegu. He thanked everyone for their valuable support and collaboration during these Championships and assured us that the LOC will do its best to make this event a success, so that all participants can enjoy the city and return home with good memories. He recalled that Daegu is the first city to host both indoor and outdoor WMA Masters Athletics Championships and looks forward to continuing to work closely with WMA to promote the development of masters athletics. He wished all success and prosperity.

The President thanked the LOC for its hospitality and the measures implemented in response to the heat, including shade, cooling facilities and transport support. She also recognized the Korean Athletics Federation and the cooperation among the city, region and federation in delivering the Championships.

2. 09:05 hrs. Commemoration

A commemoration of remembrance and applause took place for WMA Family members who had passed away since the last General Assembly in Gothenburg, Sweden, in 2024. Only a few will be named in place to remember all others:

-Guido Müller (GER)/ 3 times WMA Best Master of the Year.
-Ivar Söderlind (SWE)/ President of Sweden Masters, EMA statistician,
WMA Records Committee member, WMA Bronze pin.

-Jörn Rittweger (GER)/ Head of the Research Board of TaFMAC study.
A moment of silence was observed.

3. 09:10 hrs. Certification of the proper calling of the General Assembly and voting instructions.

The President addressed that at 09:10 hrs., 92 people with voting rights were present.
(The update on the total number of votes would be provided during the GA)

The documents for the calling of the General Assembly were sent out to the WMA Members in a timely manner, in accordance with WMA Constitution Section 29(c) through (f). No issues arose. The President indicated that GA will follow Robert's Rules of Order, and that voting will be manual. Instructions for the voting procedure were given by the WMA Treasurer, Colleen Barney, as follows: A Delegate must raise their hand and wait to be recognized by the Chair before speaking. All remarks are to be addressed to the Chair, not directly by one Delegate to another. On all motions, the Chair will alternate between speakers. A Delegate may speak a second time on a motion only after all other Delegates wishing to speak have spoken. Each speaker will be limited to 2 minutes per speech during the debate. Either a paper vote or a rising vote, in which the Delegate raises a green card in favor or a red card in opposition, will be used. Any ruling of the Chair may be appealed in accordance with the General Assembly procedures.

SPECIAL NOTE:

- At 09.20 hrs, 96 voters were registered.
 - At 09.45 hrs, 97 voters were registered.
 - At 11.00 hrs, 98 voters were registered as last recall.
- Elections were scheduled for 11:10 hrs.

4. 09:15 hrs. Approval of the Agenda

The President affirmed the Agenda was sent to the Members on time.

She clarified that before proceeding to the approval, some changes had to be made as follows:
-Cancellation of Lima 2028 presentation. On the first day of competitions, WMA received the city of Lima's withdrawal as host of the 2028 WMA Championships. The planned Lima LOC presentation was removed.

Because the Netherlands and Houston had both originally been prepared as candidates for the 2030 Stadia Championships, the Netherlands agreed, following Lima's withdrawal, to bring its candidacy forward to 2028. The agenda was therefore amended to include presentations for both the 2028 and 2030 WMA Stadia Championships. The voting procedure for 2028 and 2030 would take place separately.

With that explanation in mind, and due to last-minute changes, the president kindly asked the GA to vote and approve the new Agenda items.

The updated Agenda was APPROVED unanimously.

5. 09:20 hrs. Election of 2 note takers for the minutes.

María Alfaro (MEX) and Landen Lama (USA) were proposed.

The two proposed note takers were APPROVED unanimously.

6. 09:25 hrs. Election of up to 4 people to count the votes.

Robert Schickert (AUS), Vesna Repic (SER), Selma Turkkal (TUR), and Mushin Turkkal (TUR) were proposed.

The four proposed people to count votes were APPROVED unanimously.

7. 09:35 hrs. Report on matters arising from the 2024 GA Minutes

The WMA Secretary, Juan Ordóñez, stated that no matters had been raised after the minutes were sent and delivered.

8. 09:37 hrs. Approval of the 2024 GA Minutes

The voting procedure took place.

The 2024 GA Minutes were APPROVED unanimously.

9. 09:40 hrs. Submission and approval of reports from the President, Executive Vice President, Vice President Competition, and Secretary General:

-President.

The President referred delegates to her written report and highlighted WMA's continued professionalization while retaining its volunteer-based and athlete-focused character. She emphasized WMA's relationships with World Athletics, the World Mountain Running Association and the International Association of Ultrarunners; the development of the Gallery of Champions and preservation of WMA history; strengthened cooperation with the Regions; the increasing difficulty of securing championship hosts; and the stabilization of WMA's financial position. She thanked the Local Organizing Committees, Council colleagues, WMA managers, committee chairs, Regions and Member federations for their work during the preceding two years.

-Executive Vice President.

Lynne Schickert referred delegates to her written report and outlined that organizational work involves the entry handbook, the competition handbook, all the behind-the-scenes work on the non-competition side of the championships, buses and meals for the WMA Family. She thanked all who helped her and the WMA team in these championships, where her term of office ends, especially her husband, Bob Schickert. Since she joined the Council in 2014 as the Oceania representative, there has been significant progress, and recognition worldwide reflects how well WMA is now regarded. She said, "Margit has been a strong and capable leader over the last years, and I'm privileged to be involved in this organization with well-being, mental and physical, and a marvelous way of life". She thanked all for sharing her journey.

-Vice President Competition.

Alan Bell referred delegates to his written report and stated that he joined four years ago, bringing extensive Masters Athletics experience as Competition Director since 1999. He adopted a professional approach to ensure consistency among masters athletes worldwide, while facing challenges posed by cultural and organizational differences across countries. Problems often occur backstage at championships, but team managers know while athletes remain unaware, indicating the team's competence. Two structures mirror World Athletics: a trustworthy Management Team that supports LOC officials, sometimes replacing them, and International Volunteer Officials who support local officials globally. He thanked his partner Lesley Minervini,

often his biggest critic but also his greater supporter, and the Management Team, especially Archie Jenkins and Michael Serralta, for leading parts of the work. He also appreciated the Council's understanding of his avoidance of politics and expressed gratitude to everyone present who cares about athletes and mutual support.

-Secretary General.

Juan Ordoñez referred delegates to his written report and emphasized that significant achievements have been made over the past four years. One of them is thanks to Keith Lively, who helped WMA implement Microsoft 365, which now supports all kinds of online meetings. He thanked Guy Dirkin, Clara Northcott, Jan-Boyke, and John Seto for their contributions to growing social media to over 6,000 views and the website to over 650,000 monthly clicks. WMA has two new Members: Maldives and Iraq. That brings the total to 188 Members, which is 26 fewer than World Athletics. The Secretary General requested support from all Members to update their information for WMA records. He also thanked Fenny Van Osch, who eases the strain on his shoulders by helping him with the heavy email workload, especially with the CMTs and IVOs.

The WMA President thanked the Board members for their reports and comments and asked the GA for questions or remarks. No observations were made. The President moved the motion for approval. Seconded by Great Britain.

The reports from the President, Executive Vice President, Vice President Competition, and Secretary General were APPROVED unanimously.

10. 10:10 hrs. Submission and approval of report from Auditor

Colleen Barney explained the Auditor's report from the independent accounting firm YZICO, headquartered in France, and by chartered accountant and auditor Frederic Morelli, covering the period from February 2025 to the date in the report, June 23, 2026.

As per her report included in the GA booklet, she stated the following remarks:

- In accordance with the WMA Constitution, books are audited on a biannual basis.
- 2024 reflects a strong financial position as WMA ended the period with a net surplus.
- The majority of revenue came from sanction and registration fees. An upward trajectory is reflected in the overall balance sheet and in the income collected, which includes revenues collected on behalf of the LOC and the Member countries.
- Expenses are significantly higher as WMA pays back out to the LOC and to the Member countries. That is why the numbers look so different from the past.
- Liquidity remains healthy. At the end of 2025, WMA's total cash in the bank was €548,093.
- In YZICO's opinion, WMA statements present an accurate financial position for this period.

The President indicated that this accounting firm was chosen in France because it worked very well and because WMA's account is in Monaco, where it is easier to understand European regulations.

MOTION by Robert Thomas (USA). *"Approval of the Auditor's report and the financial statements for the 2024-2025 period as presented".*

SECONDED by Australia.

The report from the Auditor was APPROVED unanimously.

11. 10:15 hrs. Vote on approval for the next Auditor

The President stated that the WMA Council will make the proposal, and the GA will vote on approval of the next Auditor for the period 2026-2027, to be presented at the General Assembly 2028. The Council does not vote.

The Treasurer declared that, although she lives in the USA, it is clear that WMA needs to have its financial position in Europe, as WMA is a European organization. She assured YZICO prepared the previous audit books in a professional, exemplary, and competent manner, and that its fees were reasonable: €4,600 this year, lower than those of other auditors contacted.

MOTION by Colleen Barney on behalf of WMA Council: *"The WMA Council proposes to the GA the appointment of YZICO as the independent financial auditor for the next audit period (2026-2028)".*

SECONDED by Australia.

YZICO remains as the next Auditor for WMA, APPROVED unanimously.

12. 10:20 hrs. Submission and approval of report from Treasurer

Colleen Barney referred delegates to her written report, which is included in the GA booklet. She explained that the proposed 2026-2027 budget estimates project a surplus of €185,500, based on cautious, conservative forecasting. Her assumptions are based on the championships' revenues and payouts and standardize WMA high-volume registration projections after analyzing historical attendance trends.

The assumptions on the sanction fees are based on current and proposed structured sanction fees from the upcoming championships' venues. She assured that WMA will maintain strict financial management to keep this organization safe, stable, and secure.

The President moved the motion for approval. Seconded by USA.

The report from the Treasurer was APPROVED unanimously.

13. 10:25 Submission of the WA Representative report

Antti Pihlakoski referred the GA delegates to his written report. He congratulated President Margit Jungmann for her leadership and thanked the entire WMA team for their great work. He said he was very honored to be appointed by Lord Sebastian Coe as WA Representative in WMA, which is doing a great voluntary job. He then summarized World Athletics' current strategy, emphasizing growth in athletics, increased participation and partnerships, and the use of athletics to support healthier communities. He emphasized that World Athletics defines athletics broadly to encompass track and field, road running, cross-country, race walking, mountain running, trail running, and ultra running, across all ages and abilities.

He encouraged stronger cooperation between World Athletics and WMA at the global, Area, and national levels and identified opportunities for joint championships, particularly in road, marathon, cross-country, trail, mountain, and ultra running.

Antti also briefed the Assembly on selected World Athletics policy matters, including the female classification rules and the ongoing suspensions of Russia and Belarus, and noted the forthcoming World Athletics presidential election. He concluded by congratulating everyone and wishing them good luck in all competitions.

The WMA President thanked the WA Representative. She outlined that WMA goes together with WA on a good relationship and sometimes is not easy as work becomes more difficult for WA. Some plans could not be carried out together, but working together remains, trying to fix

whatever is possible. She sent her good wishes to Sebastian Coe on his last year as World Athletics president. She then moved the motion for approval. Seconded by Finland.

The report from the WA Representative was APPROVED unanimously.

14. 10:30 hrs. Election of WMA Honorary Members.

WMA President announced the new Honorary Members as follows:

Bronze Pin

- Anne Gormley (IRL)
- Knud Hoyer (DEN)
- Inge Faldager (DEN)
- Knud Erik Pedersen (DEN)
- Manuel Cortés (ESP)
- Colette Ruineau (FRA)
- Dace Brakanska (LAT)
- Kalle Glomsaker (NOR)
- Karin Schön (SWE)
- Valentyna Krepkina (UKR)
- Phil Greenwald (USA)
- Carole Filer (GBR)
- Steve Peters (GBR)
- Wivat Vigrantanoros (THA)
- Bill Courtney (GBR)
- Helena Carvalho (POR)
- Gordon Staines (GBR)

Silver Pin

- Sivapragasam Sivasambo (MAS)
- Leonie Etong (CMR)
- Lynne Schickert (AUS)

Honorary Life Member

- Lynne Schickert (AUS)

The President recognized Lynne Schickert's extensive service to the WMA Council and Masters Athletics and awarded her the Honorary Life Membership. Honorees who were not present in Daegu were to receive their honors at a later opportunity.

15. 10:50 hrs. Coffee Break

The General Assembly recessed for a 20-minute coffee break.

16. 11:10 hrs. Elections.

Executive Vice President

Slawek Krankowski (POL), the only candidate, offered a short presentation to the GA as per the candidacy presentation included in the GA booklet.

He remarked on his experience in both WMA and, previously, LOC for EMA, and on his involvement in Masters Athletics since 2015, attending and organizing many Polish, European, and World Masters Championships, where he promoted and marketed Indoor Torun 2019, was

deputy director of Indoor Torun 2023, and two times LOC General Director of European championships. From 2023 to date, he has been the WMA Organizational Manager, supporting the organization in Gothenburg 2024, Gainesville 2025, and Madeira 2026 for EMA. He stated that he would like to focus on two areas: first, strengthening the structure of international championship preparation and second, growing the global Masters Athletics community. "I will continue building on what already has been done by the WMA team and Lynne Schickert." He concluded

As the sole candidate, **he was confirmed by card vote without opposition or abstention.** Lynne Schickert remained Executive Vice President through the end of the Daegu Championships, with Slawek Krankowski to assume office on 4 September 2026.

Vice President Competition:

Alan Bell (GBR) was the sole candidate for re-election as Vice President Competition. He emphasized the importance of experienced teams in managing the continued growth of Masters athletics and expressed his willingness to continue the work begun during his first term.

Alan Bell was re-elected without opposition or abstention.

Secretary General:

Juan Ordóñez (MEX) was the sole candidate for re-election as the WMA Secretary General. He requested that the Delegates help update their current information, especially for the new Members. He recalled that they rely on each other for this task. He confirmed that social media and the website are growing and requested that, if anyone has any ideas to improve the information or feedback, they do not hesitate to contact him. He also commented on the new implementations for delegate registration, which helped track the number of allowed votes in the assembly in real time. He hopes that for the 2028 GA, instead of green and red cards, votes would be cast with an instant result to offer better service.

Juan Ordóñez was re-elected without opposition or abstention.

17. 11:45 hrs. Report on Bid situation for WMAC Indoor 2029

The President mentioned that WMA is not yet ready to submit a confirmed bid for the 2029 Indoor Championships. WMA has reached out to several potential organizers and received one active expression of interest, with further talks expected until around the end of October. She urged Members to help identify suitable indoor venues and to encourage their federations and local partners to consider hosting the event. Once a suitable bid has been prepared and evaluated, the Council can approve it in accordance with the current Constitution. WMA still plans to hold the 2029 Indoor Championships, though the limited preparation time may pose challenges.

18. 11:50 hrs. Presentation of Bids to host the WMAC Stadia 2028 and 2030

On the original Agenda of the 2026 General Assembly and by recommendation of WMA bidding inspection teams, the WMA Council had previously approved the Breda LOC (NED) and the Harris County-Houston Sports Authority (USA) to proceed as official candidates to host the 2030 Championships. However, the President explained that Lima had been expected to host the 2028 Stadia Championships but had withdrawn on the first day of competition in Daegu due to materially changed political circumstances in Peru. Following Lima's withdrawal, the Netherlands was asked whether it could advance its candidacy from 2030 to 2028. After

consultation with the Dutch federation and organizing partners, the Netherlands agreed to do so. The President thanked them deeply and sincerely for their support.

2028 - Breda / Netherlands

The President introduced the team of Breda from the Netherlands (former 2030 candidacy video presentation) to the General Assembly, as the new official bid city for the 2028 WMAC):

Peter de Leeuw. President of LOC, Breda 2028.

Bart Van Egeraat. Technical Director, Breda 2028.

Chiel Warners. Technical Director of Atletiekunie, the Athletics Federation of the Netherlands.

The Dutch delegation presented a three-venue championship concept, with Breda as the main stadium, additional competition venues in Etten-Leur and Oosterhout, and a training facility in Zundert. The three competition venues were described as being within approximately 10 km of one another and fully equipped for running, jumping and throwing events. The organizers proposed same-day medal ceremonies at each competition venue, road events in Breda, cross-country in Oosterhout, and shuttle connections among the venues. The delegation stated that the venues were ready to support an accelerated 2028 timeline.

The General Assembly approved the Netherlands to host the 2028 WMA Stadia Championships without opposition or abstention. Exact dates were to be confirmed, with the Championships expected to take place in August 2028.

2030 - Houston, USA

The President introduced the Harris County–Houston Sports Authority team:

Holly de Beer. Chief operating officer, Harris County–Houston Sports Authority.

James Megna. Director of event services, Harris County–Houston Sports Authority.

The Houston delegation showcased the official video presentation of Houston 2030 to the General Assembly, announcing the city as the official bid for the 2030 WMA Championships in partnership with the Harris County–Houston Sports Authority. Their bid highlighted the city's international accessibility, accommodation capacity, sports-event experience, diversity, and volunteer resources. The main venue was proposed as the Carl Lewis International Complex at the University of Houston, with Rice University's Wendell B. Lay Track as a backup. Road and cross-country events were planned near the main venues. The presentation also covered U.S. entry and visa issues, emphasizing the host's experience with international sporting events and noting that visa approvals are determined by the U.S. Government. The event is scheduled for June 8-20, 2030.

19. 12:20 hrs. Vote to elect the host for the WMAC Stadia 2030

The GA was asked to vote.

Team of Houston (USA) was ELECTED by majority as the host for the 2030 WMA Masters Athletics Championships, with ONE(1) vote against from Iran (IRN) and no abstentions.

20. 12:30 hrs. Book presentation

The WMA President highlighted Dr. Jörn Rittweger, who was remembered in the GA Commemoration, as the head of the TaFMAC study research group. He proposed creating a book on Masters Athletics to showcase WMA's work and the organization's importance. The book is ready but not yet printed. After Rittweger's passing, Hirofumi Tanaka and Dr. Dominik

Pesta took over the research and book project. Both attended the General Assembly, where Mr. Tanaka was introduced to discuss the book "Track and Field Masters Athletics" with the following remarks:

This research is a joint project between WMA and scientists from around the world, targeting master athletes and coaches, focusing on sports performance and nutrition, with a focus on muscle physiology, metabolism, and cardiovascular function, and examining training, fitness, and nutrition factors to enhance performance. This book represents more than 50 athletes from 15 different countries. Many chapters focus on research findings from TaFMAC study data and are written by internationally known experts in aging and fitness. One important psychosocial factor is motivation: master's athletes can continue to exercise for a long time and, in general, are interested in improving and maintaining athletic performance. The other factor is health.

It was emphasized that neither WMA nor the researchers get any economic earnings from this book. Everything will go to Jörn Rittweger's children.

The President declared that behind this book is the philosophy of life.

21. 12:45 hrs. Presentation of the upcoming 2027 WMA Indoor in Gainesville, Florida

The President introduced the team of Alachua County, Florida, from the United States of America:

Michele Lieberman. Manager, Alachua County.

Stephen Rodríguez. Co-Director, Gainesville 2027.

Joleen Cacciatore Miller. Executive Director, Gainesville 2027.

Jessica Hurov. Tourism and Economic Development Director, Alachua County.

They made their official video presentation to the General Assembly, introducing Gainesville as the host city for the 2027 WMA Indoor Championships. The Opening Ceremony and Welcome Center were scheduled for 18 March 2027, with competition from 19-26 March 2027. The Alachua County Sports and Events Center would again serve as the principal indoor venue, with Celebration Pointe used for road events and West End used for cross-country and outdoor throws. Registration has opened. An early-entry fee of €79 was available through 31 December 2026; the final late-entry deadline was 26 January 2027 at €99. The organizers emphasized the importance of early registration, accommodation planning and visa applications and advised that generic invitation letters had been provided to national organizations and that personalized letters would be available after athletes registered and were validated by their Member federation. The LOC emphasized that visa decisions are made by the U.S. Government, while the organizers would provide supporting documentation and assist with escalation of issues where possible. The presentation also covered housing, airport access, local transport, venue improvements, official recruitment, and plans to enhance the athlete village and visitor experience.

Questions from Delegates

GBR asked how the LOC planned to promote the Championships locally and expand the athlete experience beyond the competition itself. The LOC responded that the University of Florida had conducted a survey to help identify ways to provide additional experiences and noted the planned expansion of the athlete village.

Germany asked about warm-up track arrangements. The LOC responded to the question during the presentation (Another adjacent area will be set up).

Rose Tata Muya (KEN), AFMA President and WMA Delegate, asked about the process for athletes who had previously been denied a U.S. visa. The LOC emphasized the importance of countries identifying visa applicants and issues as early as possible so that applications could be supported collectively where appropriate. The LOC noted that it could assist through its contacts with the U.S. Department of State and local Congressional delegation, while reiterating that final visa decisions remain with the U.S. Government

USA asked if the LOC will increase the size of the athlete's village, which was quite small in 2025, and how the LOC will promote the event to local residents. LOC answered that the need for increasing general local coordination for the event has already been put in place with the LOC, which includes expanding the athlete's village, and this time, most businesses are now well-prepared and very excited to welcome all back in 2027, and the preparation is not on a very short runway (like in 2025) but on a longer ramp-up to improve everything mentioned.

22. 13:10 hrs. Date of the next General Assembly

The President explained that, due to the special circumstances mentioned, an exact date could not be provided but confirmed that the next General Assembly will be held in Breda, the Netherlands, in August 2028. Complete information will be sent on time, accordingly.

23. Closing of the General Assembly

The President thanked all the attendees and closed the General Assembly at 13:15 hrs.

Margit Jungmann
